

# Pet Day 2024

## 22nd October, 9am at school

### Family Project- Gumboot Garden Art

Spend some time as a family and make your amazing garden art made from gumboots over the holidays! There are loads of ideas online. Find some old gumboots lying around and create your masterpiece! Its quite simple and there are no rules! **Bring on Pet Day morning for judging.**

### Baking

We would love some baking for the bake sale, pretty please! Muffins, whole cakes, slices, scones, biscuits, cupcakes or whatever you want to make will be a great addition. This is how we make a lot of the money for pet day and there is glory up for grabs with a prize for the best baking! **Please drop on the morning of pet day to the Bake Sale table or the day before to the staff room.**

### Colouring In competition

These will be given out before the holidays for the kids to work hard on a rainy day. **Please bring back to your teacher in the first week of Term 4**, these will be displayed in the windows of Room 5 and 6, great prizes up for grabs!

### Leading, calling and care and attention videos

How- to videos have been made for you by children practicing their skills to help others learn to lead and call. They are on the Reporoa Primary School Pet Day YouTube channel, search them up! They are not technically 100% perfect, so please refer to the Lamb, Kid and Calf guides for exact information. Pets do not need to be perfect on the day and the stewards will be on hand to help your child.

### Pet Parade- 'Worst Dressed Pet'

Dress your livestock pet up in the most weird, inappropriate or outrageous pet costume for the Pet Parade!

### Grandparents included in the fun too!

Please invite your grandparents along to help make flower saucers and enjoy pet day activities.

### Coffee, Food, Raffles, Seedlings and Cow Pat Bingo- cash only

We have a number of very generous donations for our baking, hot food and raffles this year. There will also be our very own 'Betty Bingo' ready to produce the goods, while we all wait in anticipation to see who will be the lucky winner! Raffles announced at Prize Giving. Our students have lovingly grown vegetable seedlings that will be for sale on the day, this is a great chance to plant your vege garden with hardy local seedlings! Please bring some cash along and tell your friends and family to pop down and support us!
